### *Summer Garden Social*

Join your fellow CMO Managers on WED, 7/27 @ 4:30pm for a Summer Garden Social in OLCC's Garden. Take in views of Mt. Hood and summer weather while enjoying select summer wines from Argyle Winery and fresh garden themed bites created by OLCC's Executive Chef, Matt Sigler.

OLCCs' Garden is managed by Evan Gregoire of the Portland Seedhouse. Evan's vision is to produce specialty fruits, vegetables, and flowers to use for culinary purposes and seed production. The long-term mission is to ensure continued preservation of these resilient varieties through education of the local community about organic open pollinated vegetables.

*"People should know what their heritage tasted like. Having a connection to your roots is really one of the most important things". - Evan Gregorie*

Tour the garden with Evan as he answers your questions about how to successfully run a garden at your club.

HOSTED EVENT | GUESTS WELCOME | EDUCATION CREDITS AVAILABLE FOR GARDEN PRESENTATION
